3 Running | Batch: 32 | Noise: 0.5
4 C:\Users\Lenovo\miniconda3\envs\dp_env\lib\site-
  packages\opacus\privacy_engine.py:96: UserWarning:
  Secure RNG turned off. This is perfectly fine for
  experimentation as it allows for much faster training
  performance, but remember to turn it on and retrain
  one last time before production with ``secure_mode``
  turned on.
